**Walt Disney World Swan and Dolphin Resort
completes new meeting space offering scenic views**

LAKE BUENA VISTA, Fla. – Aug. 9, 2017 – [The Walt Disney World Swan and Dolphin Resort](#) has completed construction on a new 2,800 square-foot meeting space featuring floor-to-ceiling windows offering scenic outdoor views.

The space, which is located on the Swan side of the resort, is divided into two rooms via a set of connecting doors. The larger room can hold up to 277 attendees while the other offers a capacity of 119 attendees.

The windows provide picturesque views of resort's private lake and the Dolphin resort, however, full length shades will offer planners the option to darken the room for presentations and privacy.

With easy outdoor access, the space is ideal for indoor-outdoor receptions, small banquets and weddings.

The new space, referred to as the Lake View room, is part of the resort's multi-phase, multi-year \$140 million redesign project. The project also includes the transformation of all 2,267 guest rooms, the lobby in the Dolphin resort and the rest of the resort's 329,000 sq. ft. of meeting space. The full project will be completed in September.
