**LAKE BUENA VISTA, Fla. – Aug. 20, 2018** – Following the completion of the largest renovation in its history last fall, the [Walt Disney World Swan and Dolphin Resort](#) is undergoing its next redesign project, a \$3 million transformation of the Swan Resort's lobby, public spaces and coffee bar. Upon completion, the resort's two main lobbies, all guest rooms and meeting spaces will all have completely updated appearances.

The new Swan spaces will incorporate the water theme of the redesigned guest rooms and Dolphin lobby, providing an elegant, classic look to the resort's lobby, rotunda, front desk, lounging areas and corridors. Features like lantern lights and sconces, Bahama shutters and palm leaf designs will transport visitors to a serene tropical oasis. The Swan's coffee bar, Java Bar, will also receive a refreshed look as part of the redesign.

The project follows the \$150 million, three-year renovation which included a redesign of all guest rooms, complete transformation of the Dolphin Resort lobby and renovation of all meeting space, which finished its final phase in fall 2017.

The Swan Resort project will take place in phases, in order to remain open to guests throughout the renovation, and is scheduled to be completed by the end of 2018.
